

Saint Charbel's Grotto

Saint Charbel spent a large part of his days in prayer and contemplation at this grotto. It is situated in Ain al Hawr place at the north side of Bekaakafra. It contains a religious exhibition, a water spring flowing from one of its rocky sides. It developed into a sanctuary visited by believers.

Natural characteristics

Being the highest inhabited town in Lebanon and the Middle East, Bekaakafra is distinguished by a natural and scarce environment; clean climate, healthy sweet water, plantations variety and natural surrounding caves.
